

**Once upon a time (June 2014  
to be more precise), our  
younger parish children  
stepped into a time machine  
and journeyed back nearly  
2000 years ago. They  
travelled to Greece to  
explore the culture St. Paul  
encountered.**

our Once Upon a Time  
Bulletin board in the Parish  
Center!**

# They arrived.

# They listened to Paul

and to the rabbi.

# They sang and danced.

They made crafts and purchased items from the agora (market place).

# They played,

# and prayed.

And after feeling very loved,

**they returned to their homes in real time, where once again, they felt very, very loved!**
